

Super Twin

Why?

The Super Twin is the flagship of the PolyPortables hand wash fleet. Super Twin's durability, easy maintenance and money-saving features make it the industry's premier hand washing station. With double the hand washing capacity of most standard units on the market, the Super Twin is the perfect choice for large construction sites, festivals or other highly attended events.

Color

Features

Hands-Free handicap sink that attaches to the side of the Super Twin.

High-pressure nozzle for maximum dispersement of water.

Foot pump allows for hands-free cleaning, making the Super Twin more user friendly.
